

Program Medical Director Residential Care & Assisted Living Program

Fraser Health is seeking an exceptional Program Medical Director (PMD) to join our dynamic and innovative team at Residential Care and Assisted Living. As PMD, you will lead a developed medical infrastructure comprising of approximately 80 site Medical Directors and serving approximately 10,000 residents and clients; the largest such organization in Canada.

Reporting to the VP of Clinical Operations with a matrix reporting to the VP of Medicine, the successful incumbent will have the opportunity to build on a medical program that has been developed over the past 6 years. Responsibilities will include overseeing quality of care delivery, sustaining and developing alternative funding models for physicians, development of new models of physician care and research.

The successful candidate must be a physician preferably with eligibility for licensure with the College of Physicians & Surgeons of BC and have previous experience in the care of the residential frail elderly population. Enthusiasm, interpersonal skills and a passion for advocacy of the older adult population are all key attributes for this position.

Fraser Health is the fastest growing health region in BC and provides health care to 1.6 million people in Metro Vancouver and the Fraser Valley.

We look forward to hearing from you!
